What is PUBLICS?

PUBLICS is an acronym for Provide Uniform Basic Literacy in Informational and Computing Sector

It is a project below Horizon 2020 initiative with the main goal to provide education for vast amount of people in Serbia

What are the main objectives?

- to provide computer education for people of all ages, education and socioeconomic backgrounds
- to expand general knowledge on informational and computing sector
- to provide uniformed tests and evaluation of ICT knowledge
- to help older people to get in track with modern technology in order to provide them better lives
- to get younger people interested in technology as early as possible
- to help people whose jobs are not in demand to get educated in Informational and Computing Sector in order to provide them highly demanded jobs
- to help young people, with no access to modern technology

Who can participate?

- Young people : between 10-24
- People older than 24 in active search of job
- People older than 65

Who can participate?

- Young people : between 10-24
- People older than 24 in active search of job
- People older than 65

Who makes the team?

- UNA Corp
- Faculty of Mathematics, BU
- University of Belgrade
- University of Novi Sad
- University of Nis
- University of Kragujevac
- Ministry of Education, Science and Technology
- Telenor Group
- ETH Zurich

We have a great team

Our team consists of:

- best experts in the field
- highly qualified members who have all the necessary knowledge and skills
- people who have achieved numerous prizes
- people who have already done vast amount of projects during their career
- experienced members
- people opened for collaboration

How are we going to succeed?

We are going to organize:

- workshops
- courses (online and in-person)
- tests
- certification

They will be held in:

- Belgrade,
- Novi Sad,
- Nis,
- Kragujevac and other.

What are potential risks?

- no enough staff
- vast amount of people who fill the same criteria for the courses

What is the plan?

Work package No ⁴	Work package title	Type of activity ⁵	Lead partic no. ⁶	Lead partic. short name	Person-months ⁷	Start month ⁸	End month
WP0	Project management	MGT	1	UNA	10	1	24
WP1	Research of the market	RTD	2,3,4,5,6, 9	MATE, BU, UNS, NI, KG, ETH	6	1	1
WP2	Making contracts	MGT	1, 2, 3, 4, 5, 6, 7, 8, 9	UNA, MATE, BU, UNS, NI, KG, MEST, Telenor, ETH	9	1	1
WP3	Software creation	RTD	2, 9	MATE, ETH	5	1	4
WP4	Media campaign	DEM	1	UNA	10	1	24
WP5	Courses creation and division	RTD	1, 2, 3, 4, 5, 6, 7, 9	UNA, MATE, BU, UNS, NI, KG, MEST, ETH	50	1	8
WP6	Applications and selection process	MGT	1	UNA	100	4.5	9
WP7	Courses	DEM	2, 3, 4, 5, 6, 7, 8	MATE, BU, UNS, NI, KG, MEST, Telenor	200	9	23
WP8	Tests and certificates	DEM	1, 2, 3, 4, 5, 6, 7	UNA, MATE, BU, UNS, NI, KG, MEST	70	9	24
WP9	Analyzing results	RTD	1	UNA	5	13	24
	TOTAL						

What are the numbers?

Expected number of people who will undergo the project divided in several critical groups are (roughly 10% of total population in that age group) :

- 110.000 of people between 10-24 years old
- 150.000 of people older than 65
- 50.000 people in active search of jobs who want to be trained in IT

Parti c. no.	Partic. short name	WP0	WP1	WP2	WP3	WP4	WP5	WP6	WP7	WP8	WP9	Total person month s
1	UNA	10	0	1	0	10	1	100	0	1	5	128
2	MATF	0	1	1	4	0	5	0	20	9	0	40
3	BU	0	1	1	0	0	5	0	30	10	0	47
4	UNS	0	1	1	0	0	5	0	30	10	0	47
5	NI	0	1	1	0	0	5	0	20	5	0	32
6	KG	0	1	1	0	0	5	0	20	5	0	32
7	MEST	0	0	1	0	0	23	0	75	30	0	129
8	Telenor	0	0	1	0	0	0	0	5	0	0	6
9	ETH	0	1	1	1	0	1	0	0	0	0	4
Total	9	10	6	9	5	10	50	100	200	70	5	465

The future is now!

Thank you!
